### **LEISURE CENTRE PROGRAMS:**

The 3<sup>rd</sup> quarter saw our first summer of programming at the MLC with a small program launch including 6 registered programs 3 drop in fitness programs and 15 sport opportunities each week. Registered fitness programs began with low enrollment through the summer, but were opened to day pass users to increase overall facility use.

Fall program line up started mid-September with 6 registered adult programs (32 registrations), 4 youth fitness programs (30 registrations) and one youth sport program (43 registrations). We cancelled 4 adult fitness programs and one youth sport program due to low registration numbers. This was due mainly to the program schedule which is being re-assessed for the winter programs.

Drop in sport and fitness opportunities include 4 adult/ older adult fitness programs, 6 adult/ older adult sport programs, 2 family fitness program, 4 family sport programs and 4 youth sport programs.

### **ENFORCEMENT SERVICES – 2019 3rd Quarter Highlights**

### **Council Requested Information**

Council had previously requested a breakdown of Bylaw files by bylaw. Of the 177 Bylaw incident types this quarter they can be separated into 12 Traffic Bylaw, 91 Community Standards Bylaw, and 63 Responsible Pet Ownership Bylaw. There were 11 incident types from other Bylaws such as Noise, Fire, Business license etc.

As requested by Council at October 22, 2019, Regular Meeting of Council, the following is a breakdown of dog-at-large complaints made to Enforcement Services in 2019. To date, there have been 13 dog-at-large complaints received. Of the 13, one of those complaints was regarding dogs being off-leash. This complaint was received on October 7<sup>th</sup>. The remaining 12 complaints were regarding loose dogs where no owner was present, which is a different condition then being off-leash at large. Of these 12 files, 11 resulted in tickets and one resulted in a warning.

When a dog is found at large by a resident and it is taken directly to pound services with no Community Peace Officer involvement, nor is a complaint file created. It is tracked through administrative billing.

We do not track instances where officers observe a dog off leash with no formal reprimanded. Owners are directed to put their animals on leash, if they comply that would conclude the officer involvement.

Also requested was proactive patrol records. In 2019 to date there were 1,243 hours of general proactive patrols & 28 hours 30 min of school zone patrols.

# Resident vs. Non-Resident – September 2019

### Financial Reporting to September 30, 2019

### **Statement of Operations**

- Consolidated results including Other Revenue & Expenses, indicate a Net Surplus of approximately \$4.8M. Of this:
  - Approximately \$3.4M is associated with Tax supported operations,
  - Approximately \$1.4M is attributable to Utility supported operations,
- Overall, the 3<sup>rd</sup> Quarter financial results indicate a better than budgeted position of approx. \$1.1M primarily due to lower operational spending offset by slightly lower revenues to date.
- Revenues for the year total approximately \$19.7M or 91% of the annual budget, and are slightly lower than budget by \$104K primarily driven by deferred government grants and water sale invoicing.
- Operating expenses for the year total approximately \$14.8M or 73% of the annual budget and are under budget by approximately \$880K. The favorable variance is primarily driven by higher policing contract costs offset by lower salaries/wages/benefit costs due to vacancies and timing of new hires, contract services, advertising spending and building & grounds repair and maintenance costs.

### **Council Expenditures**

• Expenditures for the 3<sup>rd</sup> Quarter total \$260K, which represents 66% of the annual budget totaling \$393K. The favorable variance to date totals \$38K and is primarily associated with lower Public Relations, mileage & subsistence as well as lower Salaries & Benefits (Honorarium & Per Diem expenditures) and deferred Computer purchases, largely being driven by budgetary timing differences.

### **Capital Projects**

- The 2019 Capital Budget totals \$1,334,858 and Work in Progress projects remaining for the beginning of the year totals \$6,013,428.
- Spending to date on current year capital projects totals \$407K or 30% and is expected to increase significantly throughout the balance of the year with most projects targeting completion in 2019.
- Spending to date on prior year Work in Progress Projects totals \$6.0M, or 93% of overall approved budget with \$2.1M to go, primarily related to the Morinville Leisure Centre, as well as the Westwinds lift station. Target completion for all projects will be December 31, 2019 or early 2020 as these projects are largely weather dependent.
- Spending to date on the Morinville Leisure Centre site servicing totals \$4.0M and construction totals \$23.5M for a total of \$27.5M. The overall forecast for the project continued to reflect approximately \$500K or 2% under budget, with final invoicing expected towards the end of the year or early 2020 due to weather dependencies. A further financial update is scheduled for November 26, 2019.

### **Planning Statistics**

Based on the population forecasts in the Municipal Development Plan (MDP), the desired growth rate for 2019 is documented to be 36 to 92 housing starts (single detached and multi-family starts combined). A growth rate for 2019 ranging anywhere between 1.0% and 2.7% (consistent with 2017-2018 to reflect current economic conditions up to the high population projection for the region) is desirable. This would provide Morinville with 67 housing starts by the end of the year. Our target range is between 1.6% and 2.2% (57 to 79 units), with a benchmark rate of 1.87% which would provide for 67 housing starts.

### As of the end of September 2019:

- 87 housing starts (single detached and multi-unit combined; compared to a 3<sup>rd</sup> quarter total of 23 for 2018)
- 34 single-detached housing starts with a construction value of approximately \$7.876 million
- 53 duplex & multi-unit housing starts with a construction value of approximately \$6.620 million
- accessory/renovation permits were issued with a construction value of approximately \$0.747
   million
- 15 non-residential construction projects valued at approximately \$11.628 million
- 314 gas/plumbing/electrical permits were issued (compared to 294 in 2018)
- 103 development permits were issued (compared to 123 in 2018)

\*The statistics for 2019 housing starts (87) have increased compared to the 2018 (23) starts at the end of September 2018. To maintain growth through 2019, we continue to work with developers on ensuring land development keeps pace in several areas of Morinville and ensuring an attractive investment environment for new development.
